The Honorable Christopher Nunn, Commissioner
Georgia Department of Community Affairs
60 Executive Park South, NE
Atlanta, GA 30329

**RE: APPLICANT FY2019 CDBG - Water Improvements
Financial Commitment Letter**

Dear Commissioner Nunn:

The City of Hogansville is applying for FY2019 CDBG funding to provide water system improvements in the south west portion of the City. This area suffers from extremely low water pressure, foul tasting, smelly, and discolored water, and failing water distribution infrastructure. Additionally, the fire protection in the area is limited by the antiquated water system and undersized lines. The City is committed to providing these improvements, which will improve the lives of our residents. The total cost of this project is \$1,227,500.00.

The requested CDBG funding amount of \$750,000.00 will be used for construction costs, engineering fees, and grant administration fees. The City of Hogansville will provide \$527,500.00, which will fund the remaining construction, engineering, and grant administration costs, as well as pay for inspections during construction, grant writing fees to prepare this application, and audits that will be required throughout the project's duration.

We appreciated DCA's support of the City's efforts to provide safe and sanitary water and reliable fire protection to the residents of Hogansville.

Sincerely,

William C. Stankiewicz, Mayor
City of Hogansville
