City Manager Jonathan Lynn informed the Council that an arborist looked at the pecan trees in the Mill Village area and determined that the trees need to be removed due to their age. The quote received for removal is \$32,000. The current budget does not allow for the entire expenditure this year but a portion of it can be funded. A priority list will be established with the assistance of the arborist. The City will hold a public input session to get Citizen comments and concerns and be brought back before Council prior to any work commencing.

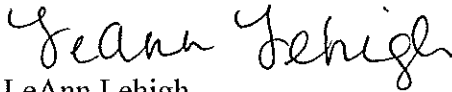

### ***4. Council Meeting Options***

Good afternoon Honorable Mayor Bill Stankiewicz and City Council,

I'm sending you a breakdown of the current funds and the need for the extra funds to continue the great accomplishments of Elevation. In doing so my board and I realized that we need more support from Hogansville, Ga to continue Elevating the students as well as the parents.

Currently receiving \$15,000 from the city of Hogansville which is broken down to \$1,250 Monthly. Expenditures Monthly include the following.

1. 19 Current Sponsorships that equal \$2,660 monthly and \$26,000 over a 10 month span. This can and will increase on the need of the assistance for parents.
2. Monthly Stem Projects for Grades K-5th that enhance Motor skills, Team building skills, Problem Solving, Critical thinking, Collaboration, and Communication. \$400
3. 5 Stem Certified Teachers, Mentors ,and Tutors that work weekly with the students. \$500 Monthly cost
4. Music and Art teacher Monthly fee \$300
5. Monthly expenses for supplies include \$350 to \$400
- 6 Salaries not included for staff and/or directors. Summer Program not included.

Total expenses.  $\$ 2,660 + \$ 400 + \$500 + \$ 300 + \$ 400 = \$4,260$  Monthly  
10 Month total is \$ 42,600

The extra \$10,000 added with the \$15,000 would be a grand total of \$25,000. The extra \$10,000 would help with supplies, stem projects, staffing, and continuing to Elevate the students mentally, physically, and emotionally.

However, Mayor Bill with you asking for a detail breakdown your request help shed light on on the actual needs for Elevations to continue the growth and expansion with the new homes and families moving into Hogansville Ga. Therefore, we are asking for an additional \$25,000 instead of the \$10,000 we were previously asking for to cover the future and current expenses. This would bring us at a grand total of \$40,000 a year. That equals \$4,000 a month that would take care of the rapid growth of the students in the community as well as the future of Elevations. Being the only successful after school program for the last 3 years Elevation has increased the overall passing rate for students enrolled at Hogansville Elementary , community parent involvement, team building , and a safe/secure place for students until 6pm Monday-Friday. I would hope and pray you the Honorable Mayor Bill Stankiewicz and city council find in your hearts to grant this support for your community kids to continue the enhancement of their future.

The City's Recreation SPLOST would provide the required match.

**STAFF RECOMMENDATION** (Include possible options for consideration)
