**Independent Auditor's Report**

**To the Honorable Mayor and Members of the City Council  
City of Hogansville, Georgia**

***Report on the Financial Statements***

**We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hogansville, Georgia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.**

***Management's Responsibility for the Financial Statements***

**Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.**

***Auditor's Responsibility***

**Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.**

**An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.**

**We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.**

***Opinions***

**In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hogansville, Georgia, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.**

To the Honorable Mayor and Members of the City Council  
City of Hogansville, Georgia

*Other Matters*

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 9, the Schedule of Changes in the Net Pension Liability and Related Ratios on page 59, and the Schedule of Contributions on Page 60 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Hogansville, Georgia's basic financial statements. The combining and individual nonmajor fund financial statements, budget and actual schedules, and Schedules of Projects Constructed with Special Purpose Local Option Sales Tax Proceeds are presented for purpose of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, budget and actual schedules, Schedules of Projects Constructed with Local Option Sales Tax Proceeds, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budget and actual schedules, Schedules of Projects Constructed with Local Option Sales Tax Proceeds, and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

*Other Reporting Required by Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2019, on our consideration of the City of Hogansville, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*, in considering City of Hogansville, Georgia's internal control over financial reporting and compliance.

**CITY OF HOGANSVILLE, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

Management of the City of Hogansville, Georgia (the "City") provides this Management Discussion and Analysis. This narrative overview and analysis of the City's primary government financial activities is for the fiscal year ending June 30, 2019. Please consider this information in conjunction with the City's primary government financial statements, which follow.

**FINANCIAL HIGHLIGHTS**

- The assets of the City exceeded its liabilities at the close of the most recent fiscal year by \$16,535,779 (presented as "net position"). Of this amount, \$(285,903) was reported as a deficit "unrestricted net position". \$14,187,062 of net position consisted of net investment in capital assets. The remainder of net position consisted of amounts restricted by state law or debt agreements, and totaled \$2,634,620.
- The City's total net position increased by \$3,834,796 in fiscal year 2019.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$1,377,306. Unassigned fund balance was a \$99,033.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$99,033 or 3.7% of the total general fund expenditures.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

**Government-wide financial statements**

The government-wide financial statements are designed to provide readers with a broad view of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's primary government assets, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods, such as uncollected property taxes.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues ("governmental activities") from functions that are intended to recover all or a significant portion of their costs through user fees and charges ("business-type activities"). The governmental activities of the City include general government and administration, public safety, and public services. The business-type activities of the City include the City's gas, electric, water and sewer system operations, and sanitation services.

The government-wide financial statements can be found on pages 10 and 11 of this report.

**CITY OF HOGANSVILLE, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

**Fund financial statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories – governmental funds and proprietary funds.

**Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term effect of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains seven governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General, Confiscated Asset, Hotel/Motel Tax, Capital Grants, SPLOST III, SPLOST IV, and SPLOST V funds. The General Fund, SPLOST IV Fund, and Capital Grants Fund are the only major funds.

The basic governmental fund financial statements can be found on pages 12 to 16 of this report.

**Proprietary Funds**

The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund to account for its gas, electric, water and sewer system, and sanitation operations. Internal service funds are an accounting device used to accumulate and allocate costs internally among the various functions of a government. The City uses an internal service fund to account for medical insurance.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the utility system Enterprise fund and for the medical insurance internal service fund. The utility system Enterprise fund is considered to be a major fund of the City.

The basic proprietary fund financial statements can be found on pages 17 to 20 of this report.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 21 to 58 of this report.

**Other Information**

In addition to the primary government financial statements and accompanying notes, this report also presents certain required and other supplementary information. Required and other supplementary information can be found on pages 59 to 66 of this report.

**CITY OF HOGANSVILLE, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of government's financial position. In the case of the City's primary government financial statements, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$16,535,779 as of June 30, 2019.

The largest portion of the City's net position reflects its investments in capital assets (such as land, buildings and improvements, furniture, fixtures, and equipment, infrastructure, and vehicles); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**CITY OF HOGANSVILLE, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

**FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS**

**Governmental funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$1,377,306. \$99,033 of the combined fund balance constitutes unassigned fund balance. The remainder of the fund balance is classified as either restricted, committed, or nonspendable. Restricted fund balance consisted of amounts restricted to pay for capital projects of \$1,068,573, general government of \$2,500, and public safety of \$545. \$136,580 of fund balance was committed for public safety, and \$31,090 was committed for public services. \$38,985 of fund balance was nonspendable because it has been used for prepaid items.

The General Fund is the chief fund of the City. At the end of the current fiscal year, unassigned fund balance was \$99,033 and total fund balance of the General Fund was \$308,188. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to the fund's total operational expenditures. Unassigned fund balance represents 3.7% of total expenditures, while total fund balance represents 11.5% of that same amount.

The General Fund's fund balance increased by \$588,430 during the current fiscal year. Key factors in this increase are as follows:

- Total revenues increased by \$166,987 for a percentage increase of 7.6%. This increase was mainly due to an increase in tax revenue of \$162,859.
- Total expenditures decreased by \$8,476 for a percentage decrease of 0.3%. This decrease was minimal.
- Net transfers in increased by \$396,510. This increase was due to the decrease of transfers in from the Enterprise Fund in order to fund General Fund operations.

The SPLOST IV Fund's fund balance decreased by \$634,077. This decrease was due to an increase in expenditures for capital projects over intergovernmental revenues during the current year.

The Capital Grants Fund's fund balance decreased by \$95,647. This decrease was due to an increase in capital expenditures over intergovernmental revenues during the year.

Other governmental funds fund balances increased \$312,310 during the current fiscal year. This increase was due mainly to revenues exceeding expenditures by \$339,781 in the SPLOST V Fund during the current fiscal year.

**Proprietary funds**

The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary fund was a deficit of \$(617,370). The fund had a net position increase for the fiscal year of \$2,186,666. Operating revenues increased by \$717,042, operating expenses decreased by \$193,089, capital contributions increased by \$1,710,033, and net transfers to other funds increased by \$546,263.

**CITY OF HOGANSVILLE, GEORGIA  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

**General Fund Budgetary Highlights**

The City made revisions to the original appropriations approved by the City Council. Overall, these revisions resulted in decreases in budgeted expenditures of \$377,661, and increases in other financing sources of \$907,785. Material revisions to budgeted appropriations were for decreases of general government and public safety appropriations of \$210,803 and \$93,983.

**CAPITAL ASSETS**

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2019 and 2018 amounted to \$27,919,812 and \$21,687,873, net of accumulated depreciation. This investment in capital assets includes land, buildings and improvements, furniture, fixtures and equipment, utility system infrastructure, infrastructure assets, and vehicles.

Major capital asset events during the current fiscal year included the following:

- The City expended \$350,049 for general government infrastructure construction in progress.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2019**

**DEBT ADMINISTRATION**

At the end of the current fiscal year, the City had \$13,969,651 in long-term debt consisting of revenue bonds, capital leases, notes payable, and net pension liability. All of the debt was secured by capital assets or specific revenue sources.

**CITY OF HOGANSVILLE, GEORGIA'S OUTSTANDING DEBT – PRIMARY GOVERNMENT**

The City's total debt increased \$3,552,812 during the current fiscal year. This was mainly attributable to the City entering into a note payable agreement to finance construction of its water pollution control plant addition and repaying debt principal during the fiscal year. Additionally, the City had long-term interest payable related to capital leases of \$1,188,853 and \$944,090 at June 30, 2019 and 2018. Additional information on the City's long-term debt can be found in note 7.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

In the 2019-2020 Budget, General Fund revenues are budgeted to increase by 6.0% from the 2018-2019 budget year with taxes making up about 71.8% of general fund budgeted revenues. The 2019-2020 General Fund Budget includes budgeted revenue of \$505,000 for local option sales tax, \$489,193 in property tax, and \$424,120 in fines and forfeitures and other public safety revenues. The City has also budgeted expenditures of \$746,282 for general government and \$1,572,582 for public safety.

The City has budgeted \$6,856,355 in charges for services revenues for its business-type activities for the 2019-2020 Budget. This is a decrease of 0.7% from the 2018-2019 budget year. The City has budgeted \$3,500,000 in electric revenue, \$1,206,516 in gas revenue, \$1,011,770 in sewer revenue and \$837,712 in water revenue. **CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Hogansville, Georgia ("the City") was chartered as a municipality by the State of Georgia in 1870. The City operates under a Manager-Council form of government. The City provides a full range of municipal services as authorized by its charter including public safety, highways and streets, public services, utility services, and general administrative services.

The financial statements of the City have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The more significant of these accounting policies are described below.

These financial statements are prepared in accordance with GASB issued Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*. This Statement established financial reporting requirements for state and local governments throughout the United States. As part of the implementation of GASB Statement No. 34, the City has prepared required supplementary information titled *Management's Discussion and Analysis*, which precedes the primary government financial statements.

**REPORTING ENTITY**

The City for financial reporting purposes includes all of the funds relevant to the operations of the City of Hogansville. The Government Accounting Standards Board has set forth criteria to determine if legally separate organizations are considered to be component units in which the City is considered to be financially accountable or other organizations whose nature and significant relationship with the City is such that exclusion would cause the City's financial statements to be incomplete or misleading. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Blended component units, although legally separate entities, are, in substance, part of the City's operations, and accordingly, data from these units are combined with data of the City. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the government. The component unit discussed below should be included in the City's reporting entity because of its operational or financial relationship with the City.

**Discretely Presented Component Unit**

*Hogansville Downtown Development Authority* - The Hogansville Downtown Development Authority ("DDA") is governed by a board appointed by the City Council and Mayor. The DDA was created for the purpose of administering activities with regard to the revitalization and promotion of downtown Hogansville. The DDA provides community promotions, streetscape maintenance, downtown beautification, and building oversight. The DDA is required to submit a budget to the City Council for approval. The DDA is a component unit of the City.

The DDA did not issue separate financial statements for the year ended June 30, 2019.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**BASIS OF PRESENTATION**

**Government-wide Financial Statements**

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the City. The effect of Interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and (2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The City applies all GASB pronouncements, including all NCGA Statements and Interpretations currently in effect.

**Fund Financial Statements**

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements.

**Governmental Funds**

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The City has presented the following major governmental funds:

*General Fund* - The General Fund is the main operating fund of the City. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

*SPLOST IV Fund* – The SPLOST IV Fund is a capital projects fund. It is used to account for all activities related to the Special Purpose Local Option Sales Tax (SPLOST) as restricted by law. SPLOST is the primary revenue of the fund, and capital outlay expenditures for City infrastructure improvements are the primary expenditures of the fund.

*Capital Grants Fund* – The Capital Grants fund is a capital projects fund. It is used to account for all activities related to the City's capital grant projects. Intergovernmental grant revenues are the primary revenues of the fund, and capital outlay expenditures for City infrastructure improvements are the primary expenditures of the fund.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**BASIS OF PRESENTATION - Continued**

**Proprietary funds**

Proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. The accounting objectives are determinations of net income, financial position and cash flow. All assets and liabilities are included on the Statement of Net Position. The City has presented the following major proprietary fund:

*Enterprise Fund* – The Enterprise Fund is used to account for the provision of utility services to the residents of the City. Activities of the fund include administration, operations and maintenance of the utility system and billing and collection activities. This fund also accounts for the accumulation of resources for, and the payment of, long-term debt principal and interest for utility system debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted, if necessary, to ensure integrity of the funds.

The City also reports the following fund types:

*Special Revenue Funds* – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

*Capital Project Funds* – Capital project funds account for capital projects for City infrastructure improvements as they relate to proceeds from SPLOST as restricted by law.

*Internal Service Fund* – Internal service funds account for operations that provide services to other departments or agencies of the City on a cost reimbursement basis. The City's internal service fund is used to charge the cost of medical insurance to the various City departments.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**MEASUREMENT FOCUS/BASIS OF ACCOUNTING**

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon thereafter to be used to pay liabilities of the current period. The City considers property taxes, sales taxes, intergovernmental revenue, and other taxes as available if they are collected within 60 days after year-end. Sales taxes collected and held by the state at year-end on behalf of the government are also recognized as revenue. All other Governmental Fund revenues are recognized when received. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as, expenditures related to compensated absences are recorded only when payment is due.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**BUDGETS AND BUDGETARY ACCOUNTING**

Annual budgets are adopted for the General, Special Revenue, and Proprietary (Enterprise) Funds. The budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The budget for the Proprietary (Enterprise) Fund is adopted on a GAAP basis, except that depreciation expense is not budgeted. Budget amounts are as originally adopted, or as amended by the Mayor and City Council. Some individual revisions were material in relation to the original appropriations.

A legally authorized, non-appropriated budget is prepared for the Capital Grants, SPLOST III, SPLOST IV, and SPLOST V Capital Project Funds. Expenditures for these funds are controlled on a project basis and are carried forward each year until the project is completed.

**Budgeting Policy**

- In accordance with the City Code of Ordinances, the City Manager submits to the Mayor and the Council a proposed operating budget for the General, Special Revenue, and the Enterprise Funds for the fiscal year commencing July 1. The budget includes proposed expenditures and the means of financing them.
- Public meetings are held to obtain taxpayer comments.
- The Mayor and Council legally enact the budget through passage of an ordinance.
- Management may not make any budget revisions without the prior approval of the City Council. Budget revisions that alter the total expenditures of any department or line item within a department must be approved by the City Council.
- Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue, and the Enterprise Funds.
- The budgets for the General and Special Revenue Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP). The budget for the Proprietary Fund is on a GAAP basis, except that depreciation expense is not budgeted. Budget amounts are as originally adopted, or as amended by the City Council. Some individual amendments were material in relation to the original appropriations.

All appropriations lapse at the end of the fiscal year.

**Encumbrances**

Encumbrances outstanding at year-end do not represent GAAP expenditures or liabilities but represent budgetary accounting controls. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of moneys are recorded in order to reserve that portion of the applicable appropriation, is not employed as an extension of formal budgetary integration in the General, Special Revenue or Proprietary Funds. Encumbrances outstanding at year-end are commitments of fund balances since they do not constitute expenditures or liabilities. The City of Hogansville has no recorded encumbrances at June 30, 2019.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued**

**CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The City has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. For purposes of the statement of cash flows of the Proprietary Fund, the City considers all highly liquid investments with original maturities of three months or less to be cash and cash equivalents.

Investments are reported at fair value based on the last reported sales price as of the balance sheet date.

**ACCOUNTS RECEIVABLE AND DEFERRED REVENUE**

Accounts receivable are recorded in the General and Proprietary Funds. Receivables are stated at their net realizable value (face value less the allowance for uncollectible accounts). Delinquent taxes receivable are deferred as revenue until payment is received. Utility receivables are recognized only when billed. No accrual of earned, but unbilled receivables is made at year-end. The Enterprise Fund grants credit to utility customers, all of whom are located within the City. Allowances for doubtful accounts totaled \$0 for the General Fund and \$111,099 for the Enterprise Fund.

**PREPAID EXPENSES**

Payments made for services that will benefit periods beyond June 30, 2019 are recorded as prepaid expenses.

**RESTRICTED CASH AND INVESTMENTS**

The Confiscated Assets, Capital Grants, SPLOST IV, SPLOST V, and Enterprise Funds hold certain funds in accounts restricted for public safety, capital projects, and debt service. These funds are held in cash and/or investments as allowed by State law and the requirements of the related debt agreements. The investments are stated at fair market value and the City records all investment revenue earned on these investments in the appropriate fund.

**INVENTORIES**

There are no inventories of supplies and materials recorded at June 30, 2019, as amounts stored for supplies and materials were not of a material nature at that date.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**CAPITAL ASSETS**

Capital assets which include land, buildings and improvements, furniture, fixtures and equipment, infrastructure assets, utility systems infrastructure, and vehicles. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life of 5 years or more. Capital assets are recorded at historical cost, appraised value, or estimated historical cost or replacement cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. Repairs and maintenance are recorded as expenditures; renewal and betterments are capitalized. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20 – 40 years
Utility system	5 – 50 years
Furniture, fixtures and equipment	5 – 10 years
Other infrastructure	5 – 40 years
Vehicles	5 – 10 years

The City has elected not to capitalize collections and works of art. Collections such as works of art and historical artifacts meet the definition of a capital asset. The requirement for capitalization is waived, however, for collections that meet the following conditions:

- The collection is held for reasons other than financial gain.
- The collection is protected, kept unencumbered, cared for, and preserved.
- The collection is subject to an organizational policy requiring that the proceeds from sales of collection items be used to acquire other items for collections.

The sale or disposal of capital assets is recorded by removing the cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income.

The City capitalizes interest costs as part of the cost of construction of various construction projects when material.

Capital assets utilized in the governmental funds are recorded as expenditures in the governmental fund financial statements. Depreciation expense is recorded in the government-wide financial statements.

**INTEREST EXPENSE AND CAPITALIZED INTEREST**

Interest expense on long-term debt has been included as a direct function expense in the governmental and business-type activities. Total interest expense from governmental activities was \$8,965. Total interest expense from business-type activities was \$299,981, all of which was charged to the enterprise fund.

Interest costs are capitalized when incurred by proprietary funds on debt where proceeds were used to finance the construction of assets. Total interest costs incurred by the City's proprietary fund for the year ended June 30, 2019 were \$311,723. Of this amount, \$299,981 was charged to expense, and \$11,742 of interest costs were capitalized by the enterprise fund for the year ended June 30, 2019.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**BOND DISCOUNTS**

Enterprise Fund bond discounts are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond discounts are presented as a reduction of the face amount of bonds payable.

**DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The amounts that qualify for reporting in this category are related to pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The amounts that qualify for reporting in this category are related to deferred revenue for fines and forfeitures, gain on sale-leaseback, and pensions. The governmental funds balance sheet reports unavailable revenue related to property tax, fines and forfeitures, and intergovernmental revenue as amounts deferred and recognized as an inflow of resources in the period that the amounts become available.

**COMPENSATED ABSENCES**

City employees are entitled to receive, upon termination of or retirement from employment, all accumulated annual leave up to a maximum of 240 hours. The estimated portion of the liability for accumulated leave attributable to the City's governmental activities and business-type activities are recorded as long-term liabilities in the government-wide statement of net position. Current amounts due are not recorded in the governmental-wide statement of net position due to their immaterial nature. The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund. Estimated liabilities of required salary related payments are not recognized due to their immaterial nature.

**LONG-TERM DEBT**

Long-term debt is recorded on the statement of net position in the government-wide and proprietary fund financial statements, and any related interest expense is recorded on the statement of activities in the government-wide financial statements and the statement of revenues, expenses, and changes in net position in the proprietary fund financial statements.

Long-term liabilities expected to be financed from governmental fund types are not recorded in the governmental fund financial statements. Payments of principal and interest are recorded as expenditures on the statement of revenues, expenditures and changes in fund balance in the governmental fund financial statements.

**GOVERNMENTAL FUND BALANCES**

In accordance with GASB Statement No. 54 Fund *Balance Reporting and Governmental Fund Type Definitions*, the City classifies governmental fund balances as follows:

*Nonspendable* – includes fund balance amounts that cannot be spent either because it is not in spendable form (such as prepaid items that are not expected to be converted to cash) or because of legal or contractual constraints.

*Restricted* – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.

*Committed* – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal voting action of the highest level of decision-making authority, the Mayor and City Council, and does not lapse at year end.

*Assigned* – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. The Mayor and City Council have authorized the City Manager to assign fund balance. Additionally, the Mayor and City Council may assign fund balance.

*Unassigned* – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other governmental funds.

The City uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit this, such as a grant agreement requiring dollar for dollar spending. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City does not have a formal minimum fund balance policy.

The City's governmental fund balances follow:

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**

**INTERFUND RECEIVABLES AND PAYABLES**

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

**TRANSACTIONS BETWEEN FUNDS**

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Legally authorized transfers are treated as interfund transfers and are included in the results of operations of both the Governmental and Proprietary Funds.

**USE OF ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures or expenses during the reporting period. Accordingly, actual results could differ from those estimates.

**USE OF RESTRICTED/UNRESTRICTED NET POSITION**

When both restricted and unrestricted resources are available for use, it is the City's policy is to apply restricted resources first, and then unrestricted resources as they are needed.

**REVENUE RECOGNITION**

*Property Taxes* - Troup County bills and collects real and personal property taxes for the City. Ad valorem tax on motor vehicles and mobile homes is collected by the Troup County Tax Commissioner and remitted to the City. City property tax revenues are recognized when levied to the extent that they result in current receivables. Receivables outstanding more than 60 days after year-end are recorded as deferred revenue. Property taxes are normally levied on October 1 of each year on the assessed valuation of property as of the preceding January 1 and are payable on December 20. Liens may attach to property for unpaid taxes on January 1. The assessed valuation for 2018 was \$54,092,292.

*Sales Taxes* - Sales tax is considered to be measurable when they have been collected by the State and are recognized as revenue at that time.

*Licenses and Permits, Charges for Services, Fines and Forfeitures and Miscellaneous Revenues (Except Investment Earnings)* - are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

**ALLOCATION OF INDIRECT COST**

The City allocates indirect costs for general government services, such as finance, personnel, technology, management, etc., to its business-type activities. Allocations are charged to programs based on use of general government services determined by various allocation methodologies. These charges are separately reported in the statement of activities.

***Cash - Deposits***

***Custodial credit risk - Deposits*** is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes, and City policy, require all deposits and investments (other than Federal or State government instruments) to be collateralized by depository insurance, obligations of the U.S. Government, or bonds of public authorities, counties, or municipalities. As of June 30, 2019, the City's bank balances were properly collateralized as defined by State Statutes. The City has not adopted a formal deposit policy.

**NOTE 2 - CASH AND INVESTMENTS - Continued**

Georgia Fund 1, created by OCGA 36-83-8, is a stable net asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The Office of Treasury and Fiscal Services manages the Fund. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share.

The Municipal Competitive Trust is an external investment pool, which is administered by the Municipal Electric Authority of Georgia ("MEAG"), a governmental entity. Due to the anticipated deregulation of the retail sale of electricity in the state of Georgia, the City entered into a Municipal Competitive Trust agreement with the Municipal Electric Authority of Georgia ("MEAG"). The City purchases for resale, electric power from MEAG. The City is a beneficiary of this trust, and the City and MEAG deposit monies in the trust from time to time. All monies are held by the trustee, Nottingham Shareholder Services, for the City's benefit and are invested in investment securities. The City has recorded the assets in the Enterprise Fund. The Municipal Competitive Trust permits the investment of funds in direct obligations of the United States Government, direct and general obligations of states, certain Federal agency discount notes and repurchase agreements collateralized by securities, which would otherwise be permissible under the laws of the State of Georgia. The fair value of the City's position in the pool changes with market conditions, and is calculated based on the fair market value of net assets held in the pool at the close of each business day.

*Credit Risk.* The City has no policy regarding credit risk. The investments in Georgia Fund 1 are rated AAAf by Standard and Poor's. The investments in First American Treasury Obligations Class Y, Wells Fargo Advantage Government Money Market Fund Institutional, and Fidelity Institutional Money Market Treasury Portfolio Class III are rated AAAM by Standard and Poor's. The City's investment in the Bayerische Landesbank Girozentrale-NY Investment Agreement is collateralized by direct obligations or obligations of the United States government, its agencies and instrumentalities, and is not rated. The investment in the Municipal Competitive Trust is not rated. The Municipal Competitive Trust permits the investment of funds in direct obligations of the United States Government, direct and general obligations of states, certain Federal agency discount notes and repurchase agreements collateralized by securities, which would otherwise be permissible under the laws of the State of Georgia.

*Custodial Credit Risk.* For an investment, the custodial risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investments in First American Treasury Obligations Class Y, Wells Fargo Advantage Government Money Market Fund Institutional, and Fidelity Institutional Money Market Treasury Portfolio Class III are investments in money market funds. An investment in money market funds is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although money market funds seek to preserve the value of the investment at \$1.00 per share, it is possible to lose money by investing in the funds. Fund shares are not guaranteed by the US Government. The funds are managed portfolios and their holdings are subject to change. The fund's shares are held in investment accounts in the City's name. The City's \$817,800 investment in the Bayerische Landesbank Girozentrale-NY Investment Agreement is an investment agreement insured by United States government obligations in which the City directed US Bank to invest these monies with Bayerische Landesbank Girozentrale-NY. Custodial Credit Risk is not required for external investment pools; therefore, the Georgia Fund 1 and Municipal Competitive Trust are exempt from this requirement. The City has no policy on custodial credit risk.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 2 - CASH AND INVESTMENTS - Continued**

**Concentration of Credit Risk.** The City places no limit on the amount that the City may invest in any one issuer. More than 5% of the City's investments are in the First American Treasury Obligations Class Y Money Market Fund and in the Bayerische Landesbank Girozentrale E-NY Investment Agreement. These investments represent 11.8% and 20.5% of the City's total investments. External investment pools are excluded from the concentration of credit risk requirement; therefore, the Georgia Fund 1 and Municipal Competitive Trust are exempt from this requirement.

**Foreign Currency Risk.** The City has no foreign currency risk as all investments are in U.S. dollar-denominated assets.

**Fair Value Measurements**

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted market prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The City's fair value measurements follow:

<u>Investment</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

**REVENUE BONDS PAYABLE 1993 Series**

On July 15, 1993, the City issued the 1993 Combined Public Utility System Refunding Revenue Bonds in the amount of \$8,525,000. The bonds bear interest at an average interest rate of 5.61%, payable semi-annually on April 1 and October 1. The bonds are secured by the revenues of the City's utility system.

The proceeds of the 1993 Refunding Revenue Bonds were used as follows:

- \$6,793,734 of the proceeds was used to advance refund \$5,430,000 of outstanding 1990 Combined Public Utility System Revenue Bonds, which had an interest rate of 9%. The money was used to purchase U.S. Government securities, which were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments of the 1990 series bonds. As a result, the 1990 series bonds are considered to be defeased and the liability for those bonds has been removed from the balance sheet of the Enterprise Fund.
- \$1,037,088 of the proceeds was used to pay, in full, three Georgia Environmental Facilities Authority (GEFA) loans with interest rates of 6.0%, 5.3%, and 6.2%.
- \$120,000 of the proceeds was used for the completion of the sewer treatment plant, which was a component of the project financed from the series 1990 bonds.
- \$38,233 of the proceeds was combined with the assets in the series 1990 Debt Service Account and deposited into the series 1993 Debt Service Account.
- The remaining \$535,945 was used to pay issuance and other related costs.

The ordinance authorizing the 1993 Combined Public Utility System Refunding Revenue Bonds requires that a Revenue Bond Sinking Fund be established in amounts sufficient to pay principal and interest on the bonds as they become due. As of June 30, 2019, the City had made the required transfers to the sinking fund.

The ordinance also calls for the establishment of two Debt Service Reserve Accounts. The first one must maintain a balance equal to the maximum amount required in any sinking fund year to pay principal and interest as they become due in the then current or any succeeding sinking fund year. At June 30, 2019, the City was in compliance with this requirement. The other Debt Service Reserve Account must maintain a balance equal to the aggregate of one month's operating expenses for the Utility System based upon the City's last audited financial statements and such amount as determined as appropriate to maintain the System. At June 30, 2019, the City was in compliance with this debt service requirement.

Also, as part of the bond ordinance, the City has placed into effect a schedule of rates for the Utility System and will revise them as necessary to provide net revenues (excluding bond interest expense, depreciation, amortization, capital contributions, and transfers) equal to at least 130% of the required Sinking Fund payments and 100% of the debt service requirements of subordinated debt coming due. At June 30, 2019, the net revenues (excluding bond interest expense, depreciation, amortization, capital contributions, and transfers) of the Enterprise Fund were in compliance with this requirement.

**REVENUE BONDS PAYABLE 2004 Series**

On August 31, 2004, the Hogansville Development Authority ("the Authority") issued Hogansville Development Authority Revenue Bonds (Gas System Project), Series 2004A, 2004B, 2004C, and 2004D in the total amount of \$1,845,000 in a direct placement. The City has entered into an intergovernmental contract with the Authority dated August 2, 2004, in which the City is responsible for the debt service on the bonds, and the bonds were to be issued to finance improvements to the City's gas system. The bonds bear interest at 4.75%, payable semi-annually on April 1 and October 1.

The proceeds of the 2004 Hogansville Development Authority Revenue Bonds were used as follows:

- \$1,692,745 of the proceeds was used to pay for the costs and installation of gas lines for the City's gas system.
- \$103,565 of the proceeds has been used to pay capitalized interest during the gas line installation phase.
- \$37,630 of the proceeds were used to pay issuance and other related costs.

The intergovernmental agreement between the Authority and the City requires the City to levy an annual tax on all taxable property located within the City boundaries as may be necessary to make the payments to the Authority for debt service of the bonds as it comes due as contract security for the bonds. As of June 30, 2019, all required transfers have been made to the Bond Fund for the debt service on the bonds.

**NOTE 8 - SALE-LEASEBACK TRANSACTION**

In a prior year, the City entered into a sale-leaseback transaction with the Municipal Electric Authority of Georgia ("MEAG") for the sale-leaseback of the City's electric utility system infrastructure and equipment ("electric system"). The sale-leaseback included all assets belonging to the City's electric system other than the electric rebuild that the City financed through MEAG in 2005. Therefore, the City is leasing the electric system back from MEAG. The City is responsible for maintaining and collecting charges for electrical distribution services sufficient to enable the City to pay to MEAG all amounts under the lease and to pay for operating and maintaining the electric utility system. At the lease inception, title to the electric utility system infrastructure was transferred to MEAG. The purpose of the sale-leaseback transaction was to facilitate financing to assist the City in repaying its 1993 Revenue Bonds. The sale-leaseback is for a total of \$5,980,000, of which \$760,000 was transferred to the City to finance capital improvements, leaving the remaining \$5,220,000 as the purchase price of the electric system. MEAG's purchase of the electric system is being paid through an installment note that has been discounted at an interest rate of 5.95%, and is referred to in Note 3. Note 3 contains information about the terms and related maturities of the installment sale. The City's leaseback of the electric system is for a total of \$5,980,000 at an interest rate of 5.95%, and is referred to in Note 7 under Business Type Activities, Capital Lease Obligations. Note 7 contains the terms of the lease and related maturities.

**NOTE 14 - PENSION PLAN**

*Plan Description*

The City's defined benefit pension plan, City of Hogansville Retirement Plan ("HRP"), provides retirement and death benefits to plan members and beneficiaries. HRP plan is affiliated with the Georgia Municipal Employees Benefit System ("GMEBS"), an agent multiple-employer pension plan administered by the Georgia Municipal Association. The Georgia Municipal Association assigns the authority to establish and amend the benefit provisions of the plans that participate in GMEBS to the respective employer entities; for HRP, that authority rests with the City of Hogansville. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by written request to Georgia Municipal Association, 201 Pryor Street, SW, Atlanta, Georgia 30303.

*Membership of the plan*

Retirees and beneficiaries receiving benefits	44
Terminated vested participants	15
Active plan members	<u>41</u>
 Total	 <u>100</u>

*Funding Policy*

HRP members are not required and do not contribute to HRP. HRP is a noncontributory plan. The City is required to contribute 100% of the amount necessary to fund HRP at an actuarially determined rate; the current rate is 7.95% of expected payroll. The contribution requirements of the City are established and may be amended by the GMEBS Board of Trustees.

HRP is subject to minimum funding standards of the Georgia Public Retirement Systems Standards Law. The GMEBS Board of Trustees has adopted an actuarial funding policy that requires a different funding level than the estimated minimum annual contribution to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the plan. The funding policy for the plan is to contribute an amount equal to the recommended contribution each year. The recommended contribution is developed under the actuarial funding policy each year, and meets applicable state funding standards. These contributions are determined under the entry age normal actuarial cost method and the asset valuation method for developing the actuarial value of assets. The amortization of the unfunded actuarial accrued liability is level dollar over 30 years for the initial unfunded accrued liability, 15 years for actuarial gains and losses, 10 years for temporary retirement incentive programs, 20 years for other changes to plan provisions, and 30 years for actuarial assumptions and cost methods. The total amortization must be within a corridor of the 10-year and the 30-year amortization of the unfunded/(surplus) actuarial accrued liability. In a year when the 10-year or 30-year corridor applies, the following year, the prior year bases are combined into one 10-year or 30-year base. These amortization periods, if applicable, are closed for this plan year.

***Investment Data***

The market value of assets is based on current values as of the three months preceding the valuation date (September 30, 2018) and is assumed to be current through that date. All asset data that was used in the actuarial valuation has been supplied by GMEBS. Net investment return is estimated at 7.50% on an on-going basis, based on long-term expected rate of return on pension plan investments. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. An inflation rate of 2.75% has been assumed. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2018 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	45%	6.40%
International equity	20%	7.40%
Real estate	10%	5.10%

**NET PENSION LIABILITY**

Effective July 1, 2014, the City implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, as well as GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, which significantly changed the City's accounting for pension amounts. The information disclosed below is presented in accordance with these standards.

The City's net pension liability was measured as of September 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2019 with update procedures performed by the actuary to roll forward to the total pension liability measured as of September 30, 2018.

Net pension liability is calculated as follows:

Total pension liability	\$ 2,705,865
Fiduciary net position	( <u>2,468,964</u> )
<b>Net pension liability</b>	<b>\$ <u>236,901</u></b>
<b>Fiduciary net position as a percentage of total pension liability</b>	<b>91.24%</b>

Total pension liability uses Entry Age Normal liabilities calculated using ages and service amounts as of January 1, 2019 are used to measure total pension liability as of September 30, 2018. The balances as of September 30, 2018 constitute measurements of the net pension liability for the fiscal year ending June 30, 2019.

NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 14 - PENSION PLAN - Continued**

**NET PENSION LIABILITY - Continued**

The mortality and economic actuarial assumptions used in the January 1, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through June 30, 2014. Mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females.

Assumptions on which the cost of HRP is calculated include investment return, mortality rates, retirement rates, and turnover rates.

Total pension liability, fiduciary net position, and net pension liability are based on a September 30, 2018 measurement date which would make them applicable to the fiscal year beginning July 1, 2018 and ending June 30, 2019.

***Benefit Terms***

The eligibility requirement is immediate for employees, officials and MLO's. Employees are vested after 10 years and officials, MLO's, and City manager are vested immediately. The type of benefit payment is a life annuity. Death benefits are actuarial reserve for full-time employees only. The benefit formula is 1.00%-1.75% (table breakpoint). There are no automatic postemployment benefit changes due to COLAs. The Georgia Municipal Association has assigned the authority to the City to establish and amend the benefit provisions of the plan.

***Actuarial Assumptions***

The total pension liability in the January 1, 2019 actuarial valuation was based on the projected unit credit actuarial cost method and the asset valuation method for developing the actuarial value of assets. The actuarial assumptions included the following:

- |                                |  |
|--------------------------------|--|
| • Rate of return on investment | 7.50% per year   |
| • Projected salary increases   | 2.75% per year plus age and service based on merit increases |
| • Inflation rate assumption    | 2.75%  |
| • Cost of living adjustments   | 0.0%   |

***Changes in Assumptions***

Amounts reported for the fiscal year ending in 2018 and later reflect the following assumption changes based on an actuarial study conducted in September 2017:

- The investment return assumption was decreased from 7.75% to 7.50%.
- The inflation assumption was decreased from 3.25% to 2.75%.

***Benefit Changes***

Effective March 18, 2018, Normal Retirement eligibility for Employees and the City Manager was changed from age 65 with five years of service to age 65 with no service requirement. In addition, the City Manager became eligible for immediate vesting.

*Discount Rate*

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the difference between actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all of the projected benefit payments to determine the total pension liability. There was no change in the discount rate since the plan's prior fiscal year.

*Changes in the Net Pension Liability of the City.* The changes in the components of the net pension liability of the City for the year ended June 30, 2019, were as follows:

	<u>Total Pension Liability (a)</u>	<u>Plan Fiduciary Net Position (b)</u>	<u>Net Pension Liability (Asset) (a) – (b)</u>
Beginning balance	\$ 2,621,242	\$ 2,325,791	\$ 295,451
Changes for the year:			
Service cost	69,716	-	69,716
Interest	195,705	-	195,705
Differences between expected and actual experience	( 17,204)	-	( 17,204)
Contributions – employer	-	93,464	( 93,464)
Contributions – employee	-	-	-
Net investment income	-	228,026	( 228,026)
Benefit payments, including refunds of employee contributions	( 163,115)	( 163,115)	-
Administrative expense	-	( 15,202)	15,202
Other changes	( 479)	-	( 479)
Ending balance	\$ <u>2,705,865</u>	\$ <u>2,468,964</u>	\$ <u>236,901</u>

The required schedule of changes in the City's net pension liability and related ratios immediately following the notes of the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

*Sensitivity of the net pension liability to changes in the discount rate.* The following presents the net pension liability of the City, calculated using the discount rate of 7.50 percent, as well as, what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current rate:

<u>1% Decrease (6.50%)</u>	<u>Current Discount Rate (7.50%)</u>	<u>1% Increase (8.50%)</u>
\$ <u>528,994</u>	\$ <u>236,901</u>	\$( <u>10,453</u> )

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of September 30, 2018 and the current sharing pattern of costs between employer and employee.

**NOTE 16 - DEFICIT FUND BALANCES/NET POSITION**

The City had no deficit fund balances/net position at June 30, 2019.

**NOTE 17 - LITIGATION**

The City is a party to legal proceedings, which normally occur, in government operations. The City's attorney has not investigated the claims as they are being handled by other attorneys. There is no knowledge of the likelihood of the claims as the City's attorney does not have an opinion as to any amounts which might have a material adverse impact on the affected funds of the City. Therefore, no provisions for losses have been recorded.

**NOTE 18 - COMMITMENTS AND CONTINGENT LIABILITIES**

The City has *Potential Liability under MEAG and MGAG Contracts* as follows:

**Electrical System.** The City has entered into Power Sales Contracts with the Municipal Electric Authority of Georgia ("MEAG") pursuant to which the City purchases electric power and energy for resale to its customers. MEAG was created by the State of Georgia for the purpose of owning and operating electric generation and transmission facilities to supply bulk electric power to political subdivisions of Georgia, which owned and operated electric distribution systems as of March 18, 1975.

Under the terms of its Power Sales Contracts with MEAG, the City is obligated to take from MEAG, and MEAG is obligated to provide, all electric power and energy required by the City in excess of the amount received by the City as an allotment from federally-owned projects through the Southeastern Power Administration ("SEPA"). Such allotment of SEPA power has been assigned by the City to MEAG and is transmitted to the City by MEAG through Georgia's Integrated Transmission System for a separate charge. Under its Power Sales Contracts with MEAG, the City has the right to receive additional power as needed from the Integrated Transmission System.

The price paid by the City to MEAG under its Power Sales Contracts is intended to cover the City's share of all the costs of MEAG, including debt service on MEAG's long-term debt. The amounts required to be paid to MEAG under the Power Sales Contracts are payable first from revenues of the City's electrical system. To the extent the required payments are not made from revenues of the City's electric system or other funds, the City is required to include in its general revenue or appropriation measure or annual tax levy amounts sufficient to make such payments. Payments by the City are required to be made by the City whether or not MEAG's facilities or any part thereof are operating or operable or the output there from is interrupted, interfered with, curtailed or terminated in whole or in part. In addition, the City may be obligated to purchase additional power, subject to contractual limitations, in the event other MEAG participants default. The City was contingently liable for \$18,293,955 of MEAG's principal bonds outstanding in the event of default by MEAG at June 30, 2019.

**NOTE 18 - COMMITMENTS AND CONTINGENT LIABILITIES - Continued**

**Gas System.** The City has entered into the Gas Supply Contract and certain Supplemental Gas Supply Contracts with the Gas Authority ("MGAG") under which the City buys natural gas for resale to its customers. Under such contracts with the Gas Authority, the City is obligated to take from the Gas Authority, and the Gas Authority is obligated to provide, all of the City's natural gas requirements. The price paid by the City to the Gas Authority under its contracts is intended to cover the City's share of all the costs of the Gas Authority, including scheduled debt service of the Gas Authority. Such payments are required to be made by the City whether or not the Gas Authority's facilities or natural gas properties or any part thereof are operating or operable or the output therefrom is interrupted, interfered with, curtailed or terminated in whole or in part, or whether or not any of its natural gas suppliers or transporters defaults in its obligations under its gas supply or transportation contracts with the Gas Authority. To the extent the required payments are not made from the revenues of the System or other funds, the City is required to include in its general revenue or appropriation measure or annual tax levy amounts sufficient to make such payments. The City was contingently liable for \$573,415 of MGAG's principal bonds outstanding in the event of default by MGAG at June 30, 2019.

**Intergovernmental Natural Gas Sales Agreement**

The City has an intergovernmental natural gas sales agreement with Meriwether County for an initial term of 25 years, in which the City has agreed to sell natural gas to Meriwether County.

**Intergovernmental Water Sales Agreement**

The City has an intergovernmental water sales agreement with Meriwether County for an initial term of 30 years, beginning February 1, 2008, in which the City has agreed to sell a maximum of 250,000 gallons of potable water per day to Meriwether County.

**Intergovernmental Water Sales Agreement**

The City has an intergovernmental water sales agreement with the City of LaGrange, in which the City has agreed to purchase a minimum of 200,000 gallons of potable water per day, not exceeding 350,000 gallons per day

**Intergovernmental Water Sales Agreement**

The City has an intergovernmental water sales agreement with Coweta County, in which the City has agreed to purchase a minimum of 150,000 gallons of potable water per day, not exceeding 1,000,000 gallons per day.

**United States Department of Agriculture Grant and Loan**

The City has entered into an agreement with the United States Department of Agriculture for the funding of the construction of an addition to the City's water control pollution plant. The estimated cost of the project is \$8,706,000 with \$4,606,000 being funded by a Federal loan, \$2,500,000 being funded by a Federal grant, and \$1,600,000 being funded by Meriwether County. As of June 30, 2019, the City had expended \$5,472,498 of in construction in engineering and construction costs on the project. The project is nearing completion as of the audit report date.

**Community Development Block Grant 2019**

The City has been awarded a Community Development Block Grant in the amount of \$750,000 through the Georgia Department of Community Affairs for improvements to its Sewer System. The City is required to provide \$525,500 in matching funds and leverage. The City was awarded the grant in August of 2019.

**EPD Consent Order**

The City is currently under an EPD consent order in which it is required to make upgrades to its sewer system. The City is taking steps of corrective action under the order, and is in the design process of constructing a new wastewater treatment plant, and upgrading its other sewer infrastructure in order to comply with the order. The design and construction of the new wastewater treatment plant will be funded by the grant and loan from the United States Department of Agriculture and by Meriwether County which was referred to earlier in this note.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 19 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses in all these areas except for injuries to employees are all covered by commercial insurance. There have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

The City has joined together with other municipalities in the state as part of the Workers' Compensation Self-Insurance Fund (WCSIF), public entity risk pool currently operating as common risk management and insurance program for member local governments. The Georgia Municipal Association (GMA) administers the risk pool.

As part of this risk pool, the City is obligated to pay all contributions and assessments as prescribed by the pool, to cooperate with the pool's agents and attorneys, to follow loss reduction procedures established by the fund, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in the funds being required to pay any claim of loss. The City is also to allow the pool's agents and attorneys to represent the City in investigation, settlement discussions and all levels of litigation arising out of any claim made against the Government within the scope of loss protection furnished by the funds.

The fund is to defend and protect the members of the fund against liability or loss as prescribed in the member governments' contracts and in accordance with the workers' compensation laws of Georgia. The fund is to pay all cost taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation or defense.

During the current fiscal year, the City elected to change its medical insurance policy to a shared returns minimum premium policy. Under the policy, the City is responsible for making minimum premium payments set to cover the costs for the plan administration, commissions, and insurance protection. Additionally, the City is responsible for any claims which are filed each month up to a certain maximum or cap based on the specific plan terms. The monthly cap varies each month based on number of covered employees and the selected coverage. The plan is administered by Group Administrators, Ltd. and the claims are paid through an internal service fund bank account which is funded by the City. The changes in the medical claim's liability for the last two years are as follows:

	Fiscal Year Ended June 30, <u>2019</u>	Fiscal Year Ended June 30, <u>2018</u>
Unpaid claims, beginning of fiscal year	\$ -	\$ -
Claims incurred	75,069	-

**NOTE 20 - RELATED ORGANIZATION**

The City of Hogansville Housing Authority is a related organization of the City. The Housing Authority provides safe and sanitary dwelling accommodations for persons of low income. The City appoints a voting majority of the Housing Authority's board, but is not financially accountable for the Authority. The City has no significant influence over the management, budget, or policies of the Housing Authority. The Authority reports independently. The City received \$21,193 in lieu of taxes from the Housing Authority for the year ended June 30, 2019.

**CITY OF HOGANSVILLE, GEORGIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2019**

**NOTE 21 - JOINT VENTURE**

Under Georgia law, the City is a member of the Three Rivers Regional Commission ("TRRC"). The City paid \$3,105 in dues to the TRRC for the year ended June 30, 2019. Membership in a Regional Commission ("RC") is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RC in Georgia. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from Three Rivers Regional Commission, 120 North Hill Street, P.O. Box 818 Griffin, GA 30224.

**NOTE 22 - GRANTS**

In the normal course of operations, the City receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement, which may arise as the result of these audits is not believed to be material.

**NOTE 23 - LANDFILL CLOSURE AND POSTCLOSURE CARE**

The Hogansville solid waste landfill was closed prior to 1980 and is therefore, not subject to the current closure and postclosure requirements and regulations. Corrective action by the City taken at the closed landfill site, included:

- Three hundred-fifty loads of topsoil were hauled to the site and spread.
- One hundred pounds of grass seed was used.
- Fifty bales of hay were used.
- A new gate was installed at the site.

All work was completed by April 30, 1997.

There is no recognition of a liability for closure and postclosure care costs based on landfill capacity used to date. The percentage of landfill capacity used to date is 100%, and it has an estimated remaining landfill life of zero years. There is no reported liability for closure and postclosure care at the balance sheet date. There is no estimated total current cost of closure and postclosure care remaining to be recognized. The City is and will maintain the landfill as a grassed area to discourage erosion. There are no assets restricted for payment of closure and postclosure care costs. Per City officials, the EPA has recommended that the City leave the landfill as is, and the City is not aware of any proposed changes in the legislation or regulations.

**NOTE 24 - OPERATING LEASE COMMITMENT**

The City leases office equipment under an operating lease. The lease term is 60 months and expires November 30, 2019. Rent expense under the lease totaled \$3,492 for the year ending June 30, 2019. Approximate future minimum lease payments at June 30 are as follows:

The City's beginning net position for its governmental activities was increased by \$24,101 due to revenue earned in a prior year that was previously reported as unearned revenue at June 30, 2018. As a result of this restatement, the beginning net position at June 30, 2018 has been adjusted to \$6,937,626.

**Governmental funds**

**Capital Grants Fund**

The City's beginning fund balance in the capital grants fund was increased by \$24,101 due to revenue earned in a prior year that was previously reported as unearned revenue at June 30, 2018. As a result of this restatement, the beginning fund balance at June 30, 2018 has been adjusted to \$95,647.

**NOTE 26 – SUBSEQUENT EVENTS**

The City issued, in a private placement, Series 2019A and 2019B Revenue Bonds in the total amount of \$4,606,000 to repay the note payable issued during the year by the Georgia Environmental Finance Authority (GEFA), and to assist in financing the construction of the City's water pollution control plant addition. The principal amount of the GEFA note was paid off on October 22, 2019 in the amount of \$4,313,030. The City used the remainder of the bond issue to pay for construction costs on the water pollution control plant addition. Additionally, the City started drawing down the \$2,500,000 USDA grant that it was awarded as part of the financing to be used to construct the plant addition on October 18, 2019.

REQUIRED SUPPLEMENTARY INFORMATION  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

**NOTE 1 - RECOMMENDED CONTRIBUTION**

The GMEBS Board of Trustees has adopted an actuarial funding policy for determination of annual contributions and the systematic funding of liabilities arising under the HRP. The annual minimum contribution is the sum of 1) the normal cost (including administrative expenses), 2) the closed level dollar amortization of the unfunded actuarial liability over a period that ranges from 10 to 30 years based on the funding policy adopted by the GMEBS Board of Trustees, and 3) interest on these amounts from the valuation date to the date contributions are paid (assumed monthly).

**NOTE 2 – VALUATION DATE**

The actuarially determined contribution rate was determined as of January 1, 2019, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2020.

**NOTE 3 – METHODS AND ASSUMPTIONS USED TO DETERMINE CONTRIBUTION RATES:**

**Actuarial Cost Method – Entry Age Normal**

**Amortization Method – Closed level dollar for remaining unfunded liability**

**Remaining Amortization Period – Remaining amortization period varies for the bases, with a net effective amortization period of 19 years**

**Asset Valuation Method – Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at the end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.**

**Actuarial Assumptions:**

- **Rate of return on investment** **7.50% per year**
- **Projected salary increases** **2.75% per year plus service based on merit increases**
- **Cost of living adjustments** **0.0%**

**Retirement Age – Employees, Officials, and MLO's 65**

The mortality and economic actuarial assumptions used in the January 1, 2019 valuation and later were based on the results of an actuarial experience study for the period January 1, 2010 through June 30, 2014. Mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females.

**NOTE 4 - CHANGES OF ASSUMPTIONS**

Amounts reported for the fiscal year ending 2018 and later reflect the following assumption changes based on an actuarial study conducted in September 2017:

- The investment return assumption was decreased from 7.75% to 7.50%.
- The inflation assumption was decreased from 3.25% to 2.75%.

**NOTE 5 - BENEFIT CHANGES**

Effective March 19, 2018, Normal Retirement eligibility for Employees and the City Manager was changed from age 65 with five years of service to age 65 with no service requirement. In addition, the City Manager became eligible for immediate vesting.

## **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Mayor  
and Members of the City Council  
City of Hogansville, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Hogansville, Georgia as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Hogansville, Georgia's basic financial statements and have issued our report thereon dated December 19, 2019.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Hogansville, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Hogansville, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Hogansville, Georgia's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph in this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Hogansville, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Honorable Mayor and Members of the City Council  
City of Hogansville, Georgia

**Report on Compliance for Each Major Federal Program**

We have audited the City of Hogansville, Georgia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Hogansville, Georgia's major federal programs for the year ended June 30, 2019. The City of Hogansville, Georgia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, contracts and the terms and conditions of its federal awards applicable to federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the City of Hogansville, Georgia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Hogansville, Georgia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City of Hogansville, Georgia's compliance.

**Opinion on Each Major Federal Program**

In our opinion, the City of Hogansville, Georgia complied, in all materials respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

To the Honorable Mayor and Members of the City Council  
City of Hogansville, Georgia

**Report on Internal Control over Compliance**

Management of the City of Hogansville, Georgia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Hogansville, Georgia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Hogansville, Georgia's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness over internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control and compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2019**

---

**NOTE A - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Hogansville, Georgia, under programs of the federal government for the fiscal year ending June 30, 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards* (The Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of, the basic financial statements.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

**NOTE C - DE MINIMIS INDIRECT COST RATE**

The 10-percent *de minimis* indirect cost rate allowed under the Uniform Guidance does not apply to the City's federal awards.

**NOTE D - SUBRECIPIENTS**

The City has no subrecipients under its federal awards.

SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS  
FOR THE YEAR ENDED JUNE 30, 2019**

**FINANCIAL STATEMENT FINDINGS**

**Finding 2018-001**

**Criteria:** The City is required to comply with its bond debt covenants related to its 1993 Combined Utility System Revenue Bonds.

**Condition:** The City was not in compliance with one bond debt covenant relating to its 1993 Combined Utility System Revenue Bonds.

**Cause:** The City has been unable to generate sufficient positive cash flows and net revenues in its Enterprise Fund in order to generate the necessary monies to comply with the debt service reserve #2 covenant relating to its 1993 Combined Utility System Revenue Bonds.

**Effect:** The City was not in compliance with one bond covenant.

**Recommendation:** It is recommended that the City take measures to generate more positive cash flows and net revenues in its Enterprise Fund and to start making payments to the debt service reserve #2 account in order to comply with the reserve covenant.

**Auditee Response:** The City concurs with this finding and recommendation. The City has addressed this issue, and transferred adequate funds in October of 2018 to the debt service reserve #2 account, and is currently in compliance with the debt service reserve #2 covenant.

**Update:** The City has resolved this audit finding.

**FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

No matters reported.
