BACKGROUND (Includes description, background, and justification)

The City has been invited by Georgia DOT to submit a grant application due August 15, 2024 for 14,647 linear feet of sidewalk construction along Boyd Road and Elm, Boozer, Pine, Holmes, Hightower and W. Main Streets. Boozer and Holmes Streets would also be rebuilt via full depth reclamation.

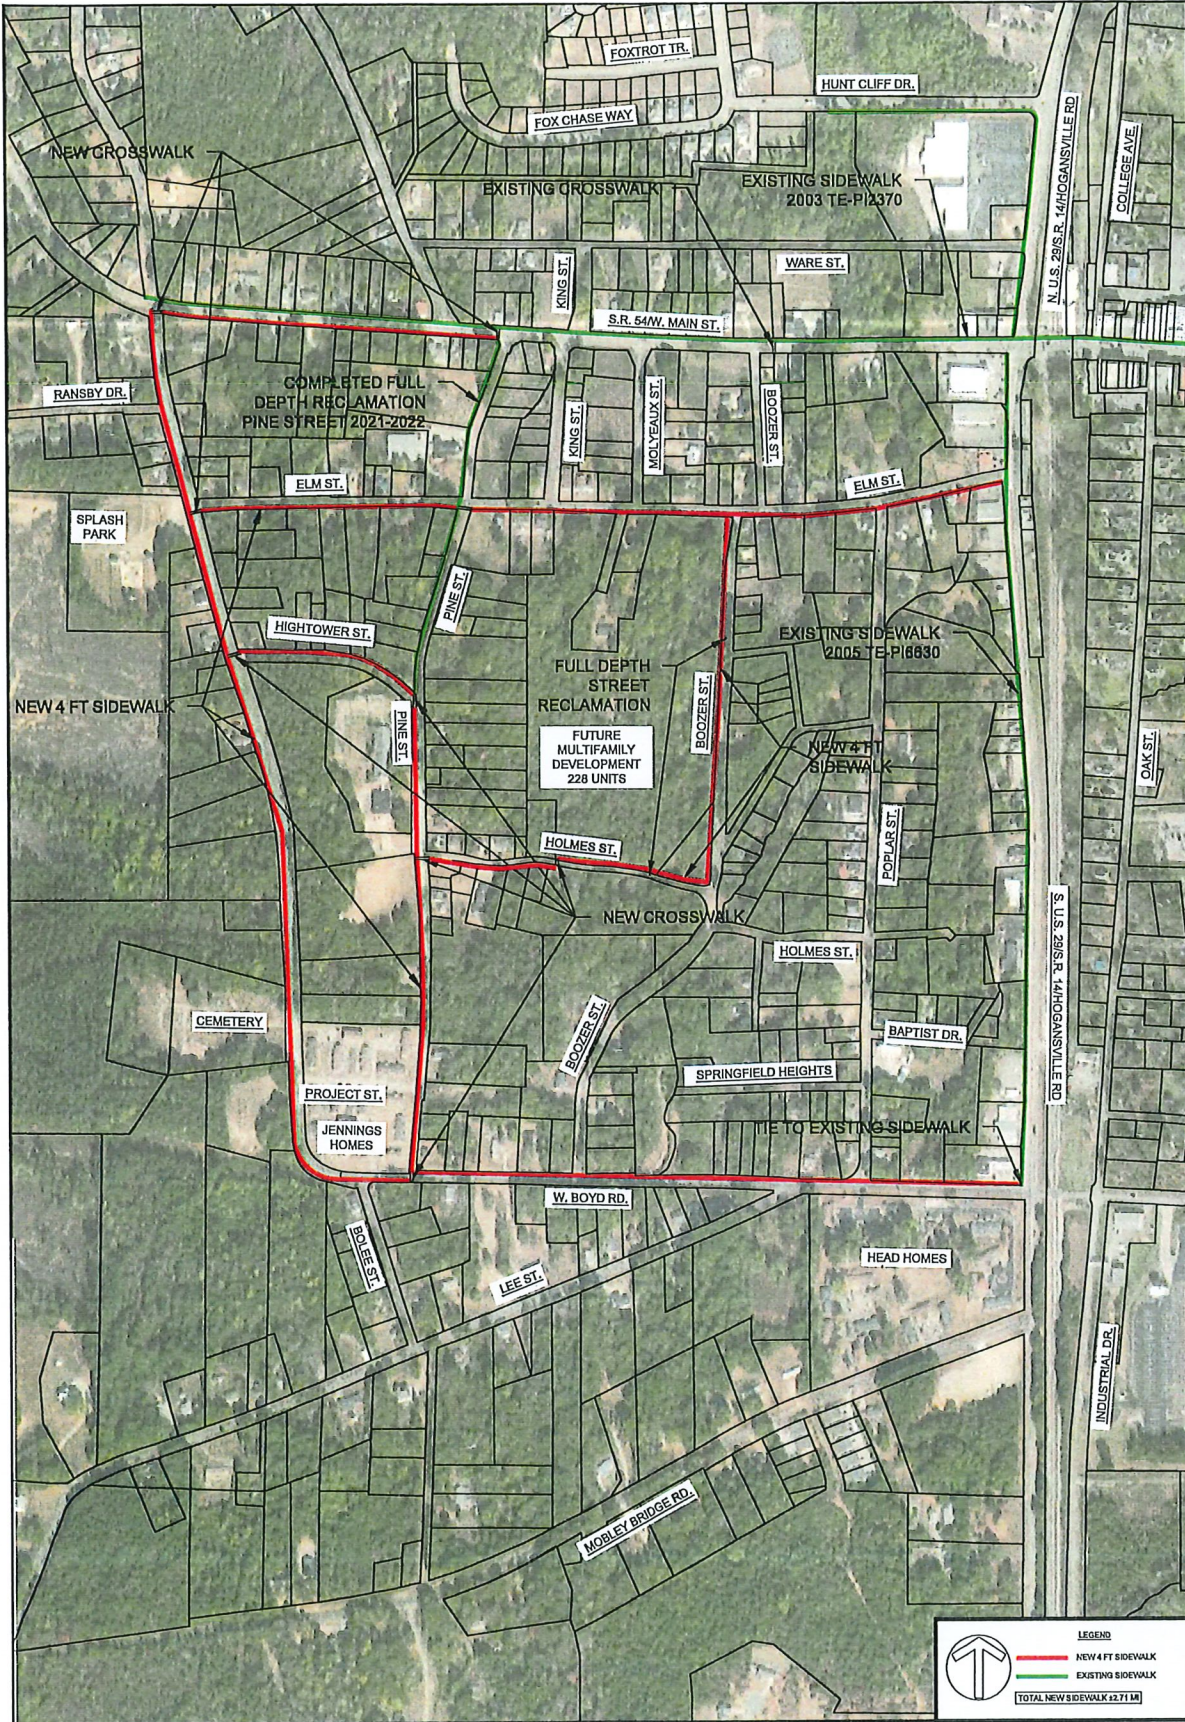

The project would be funded through the federal Transportation Alternatives Program (TAP) administered by GDOT. Our estimated project cost is \$2,419,410. The TAP program would fund \$1,935,528 (80% of project cost) and the City's local match would be \$483,882 (20% of project cost). \$186,100 of the City match could come from funds already paid by a developer for future sidewalks. That would make the City grant match \$297,786.

BUDGETING & FINANCIAL IMPACT (Includes project costs and funding sources)

\$297,786 would be needed from City funds to match a \$1,935,535 TAP grant.

STAFF RECOMMENDATION (Include possible options for consideration)

Staff recommends that the City of Hogansville submit a FY 25 Transportation Alternatives Program grant application to Georgia DOT in the amount of \$1,935,528.

Subject: Day camp

Good afternoon, I will hope to get clarity from the council today on funding. If possible, I would like to request a 3 month advance to help things flow flawlessly if approved and if funds are normally paid out monthly. I would have kickoff registration for up to 50 kids on Saturday July 13.

I will hold a 2 week day camp from July 15-July 26, kids will win gift cards and other prizes along with field trips before school starts.

I will partner with local colleges, police departments again this year. We will hold classes up to 20-25 kids per class, Special guest speakers will participate including local officials. I will continue to hold Weekend events during school year and school holidays. Spring break and summer time next year will be exciting and fun.
